

The On-Screen Keyboard

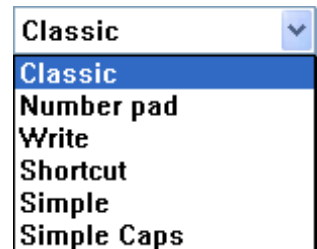

Type or edit text in any application without leaving the interactive whiteboard.

Press the **Keyboard** button on the pen tray to launch the On-Screen Keyboard.

1 Keyboard drop-down menu: Allows you to select which keyboard you would like to use. The Classic keyboard looks like a regular computer keyboard. The Simple keyboard is organized in alphabetical order, which is helpful when teaching young students. Other keyboards include Number Pad, Write, Shortcut and Simple Caps.

2 Arrow button: Press the Arrow button to open the Preview Pane. When the Preview Pane is open, you can type an entire word or sentence before sending any information to an application. When you are finished typing, pressing the Send button will send your text to the active application.
